RESOLUTION ESTABLISHING WASTE/SOURCE REDUCTION AS A PRIORITY IN THE USE AND MANAGEMENT OF HAZARDOUS MATERIALS IN THE CITY AND COUNTY OF SAN FRANCISCO

WHEREAS, the presence of hazardous and toxic materials and hazardous and toxic wastes in the City and County of San Francisco creates a potential threat to the public health and safety, and requires effective and appropriate management to protect the public health safety and welfare; and

WHEREAS, there are cost effective practices now readily available by which the amount and toxicity of hazardous materials may be significantly reduced, thus diminishing the amounts of such hazardous and toxic materials which must be managed as hazardous waste; and

WHEREAS, waste/source reduction efforts are of benefit to chemical users by reducing waste disposal fees and long term liability, as well as the costs of chemical feedstock materials; and

WHEREAS, State and federal laws now actively discourage the placement of hazardous wastes in landfills, creating a serious need for alternative disposal methods; and

WHEREAS, the passage of Assembly Bill 2948, signed into law by Governor George Deukmejian in September 1986, will impose a new mandate on all counties to adopt plans for the management and ultimate disposition of all hazardous and toxic waste generated within their boundaries; and

WHEREAS, it is appropriate that the City and County of San Francisco declare a policy which will minimize the need to dispose of hazardous and toxic materials within the City and County of San Francisco, so as best to protect the public health safety and welfare; now, therefore be it

RESOLVED that it is the policy of the City and County of San Francisco to encourage and promote practices and technologies that will, in order of priority: First, reduce the use of hazardous and toxic substances and the generation of hazardous wastes at their source; second, recover and recycle the remaining wastes for use; third, treat those wastes not amenable to source reduction or recycling in such a way that the environment and the health, safety, and welfare of the City and County are not threatened by their ultimate disposal.

URGING THE MAYOR TO URGE THE DIRECTOR OF THE SAN FRANCISCO PORT TO WAIVE ALL STORAGE FEES FOR THE CHINATOWN NEW YEAR CELEBRATION PARADE'S USE OF ANY PIER FACILITIES IN PREPARATION FOR THE GOLDEN DRAGON PARADE.

WHEREAS, The Board of Supervisors is keenly aware of the enormous role our ethnic celebrations play in shaping our City's character for residents and visitors alike; and

WHEREAS, Once a year, San Francisco's Chinatown, America's biggest Chinese community, celebrates the Chinese New Year with pageantry, outdoor festivities, cultural programs and the Golden Dragon Parade; and

WHEREAS, The Chinatown New Year Celebration Parade is San Francisco tradition of inestimable value to the both Chinese community and the City as a whole; and

WHEREAS, Each year locating space for construction of the elaborate floats and street decorations that appear in the parade is a problem; and

WHEREAS, Pier space has been available at the Port, however, the San Francisco Port Authority currently proposes to charge the Chinatown New Year Celebration $600.00 (Six Hundred Dollars) per day, for a period of up to two weeks. Rent could total over $6,000.00. This would present an economic hardship for the Chinatown New Year Celebration's nonprofit organization; and

WHEREAS, The City has traditionally supported the Chinatown New Year Celebration Parade through contributions from the Hotel Tax Fund; and

WHEREAS, This support is undermined if hotel tax funds are used to pay the City rent for using port facilities; and therefore, be it

(P Districts Subject to Neighborhood Commercial Interim Controls)

IMPOSING INTERIM ZONING CONTROLS BY PROVIDING THAT A LOT WITHIN A P DISTRICT WHICH IS LOCATED WITHIN ONE-QUARTER MILE OF THE NEAREST NC-1 OR INDIVIDUAL AREA NEIGHBORHOOD COMMERCIAL DISTRICT WILL BE SUBJECT TO THE CONTROLS OF THAT NC-1 OR INDIVIDUAL AREA NEIGHBORHOOD COMMERCIAL DISTRICT, WITH CERTAIN EXCEPTIONS AND ADOPTING FINDINGS OF CONSISTENCY PURSUANT TO PLANNING CODE SECTION 101.1.

WHEREAS, the proposed Ordinance attached hereto as Exhibit 1, which Ordinance has been approved as to form by the City Attorney and is incorporated herein by reference, would provide that any lot in a P district, which lot is within one-quarter mile of the nearest NC-1 or Individual Area Neighborhood Commercial district will be subject to the limitations of any NC-1 or Individual Area Neighborhood Commercial district or districts located within one-quarter mile of said lot, excluding the limitations of zoning category .82, as defined in Section 790.80 of the Neighborhood Commercial Interim Zoning Controls; and

WHEREAS, presently the Code permits minor non-public uses as accessory uses in P districts, such as a public garage, which garage may have accessory non-public commercial space provided on the ground floor; and

WHEREAS, the City Planning Code does not presently restrict the type of commercial uses which may occupy such space located within a P district; and

WHEREAS, neighborhood residents and merchants have expressed concerns that changes and intensification of commercial activity in certain neighborhood commercial districts have caused unwelcome impacts on the character of those districts and the adjacent residential districts; and

WHEREAS, in many commercial districts the rapid increase in numbers of eating and drinking establishments, financial institutions, medical, professional or business offices, and specialty stores have caused the loss of neighborhood-serving businesses and services and an increase in traffic and parking congestion, noise, litter, and destructive late night activity; and

WHEREAS, the City Planning Commission has imposed Neighborhood Commercial Interim Zoning Controls, which controls have been ratified by the Board of Supervisors, pending permanent legislation to address the problems identified above; and

WHEREAS, where a use permitted on a lot within a P district includes non-public uses accessory to the public use, and where such non-public uses would be located within one-quarter mile of an NC-1 or Individual Area Neighborhood Commercial district as defined in the Neighborhood Commercial Interim Zoning Controls, the controls applicable within said districts should also control the commercial uses within the P district to prevent the intent of the Neighborhood Commercial Interim Zoning Controls from being undermined; and

WHEREAS, one effect of this interim control will be to require that accessory commercial uses in the Yerba Buena Garage on Lombard Street comply with the interim controls applicable in the Union Street Neighborhood Commercial District; and

WHEREAS, it is necessary to impose interim restrictions on the permitted commercial uses within P districts pending preparation and adoption of permanent zoning for P districts and neighborhood commercial districts; and

WHEREAS, the procedure for consideration and imposition of interim zoning controls by the Board of Supervisors is set forth

DOCUMENTS DEPT.

FEB 24 1987

SAN FRANCISCO

in Section 306.7 of the City Planning Code; and

WHEREAS, if interim zoning controls are imposed both by the City Planning Commission and the Board of Supervisors for an area, both sets of controls as well as the restrictions set forth in the City Planning Code, are applicable to the property within that area; and

WHEREAS, the Board of Supervisors, pursuant to Planning Code Section 101.1, must prior to adoption of legislation which requires an initial study under CEQA, make a finding of consistency with the Priority Policies set forth therein; now therefore be it

RESOLVED, that the Board of Supervisors finds that the proposed ordinance is consistent with the Priority Policies set forth in Section 101.1 in that:

1. With respect to finding requirements 1, 2, 4 and 5, the Board of Supervisors finds that these policies will be enhanced in that the Neighborhood Commercial Interim Zoning Controls are designed to control proliferation of eating and drinking establishments, fast-food restaurants, financial institutions, and other office uses, to protect neighborhood-serving businesses and services, and to protect neighborhoods from activities which would cause traffic and parking congestion, noise, litter, and destructive late night activity.

2. With respect to finding requirements 3, 6, 7, and 8, the Board finds that the legislation will have no effect upon these policies and thus will not conflict with said policies.

RESOLVED, that interim zoning controls providing that any use within a P district on a lot which is located within one-quarter mile of an NC-1 or Individual Area Neighborhood Commercial district shall be subject to the limitations applicable in that NC-1 or Individual Area Neighborhood Commercial district, excluding the limitations of zoning category .82, as defined in Section 790.80 of the Neighborhood Commercial Interim Zoning Controls, as set forth in the draft ordinance attached hereto as Exhibit 1, are hereby imposed; and be it further

RESOLVED, that these controls shall remain in effect for eighteen months or until the adoption of permanent legislation addressing this problem, whichever first occurs.

FILE NO._____ ORDINANCE NO._____

AMENDING PART II, CHAPTER II OF THE SAN FRANCISCO MUNICIPAL CODE (CITY PLANNING CODE) BY AMENDING SECTIONS 234, 234.1 AND 234.2 TO PROVIDE THAT A LOT WITHIN A P DISTRICT WHICH IS LOCATED WITHIN ONE-QUARTER MILE OF THE NEAREST NC-1 OR INDIVIDUAL AREA NEIGHBORHOOD COMMERCIAL DISTRICT WILL BE SUBJECT TO THE CONTROLS OF THAT NC-1 OR INDIVIDUAL AREA NEIGHBORHOOD COMMERCIAL DISTRICT, WITH CERTAIN EXCEPTIONS.

Note: Additions are underlined; deletions are indicated by ((double parentheses)).

Be it ordained by the People of the City and County of San Francisco:

Section 1. Part II, Chapter II of the San Francisco Municipal Code (City Planning Code) is hereby amended by amending Sections 234, 234.1 and 234.2 to read as follows:

SEC. 234. P DISTRICTS.

In addition to the use districts otherwise established by this Code, there shall also be in the city a Public Use District herein referred to as a P district, to apply to land that is owned by a governmental agency and in some form of public use, including open space.

The purpose of designating such land as a P district on the Zoning Map is to relate the Zoning Map to actual land use and to the Master Plan with respect to such land. Any lot in a P district may be occupied by a principal use listed in Section 234.1, or by a conditional use listed in Section 234.2, subject to applicable regulations of this Code including the limitations of Section 290 for OS (Open Space) districts; provided however, that on any lot in a P district, which lot is within one-quarter mile of the nearest NC-1 or Individual Area Neighborhood Commercial district as described in Article 7 as set forth in the Neighborhood Commercial Interim Zoning Controls, no accessory non-public use shall be permitted, unless such use or feature complies with the controls set forth in the Neighborhood Commercial Interim Zoning Controls which are applicable in any NC-1 or Individual Area Neighborhood Commercial district located within one-quarter mile of the lot, excluding the provisions of zoning category .82, as defined in Section 790.80 of the Neighborhood Commercial Interim Zoning Controls.

[State Medical and MIA Payments]

MEMORIALIZING THE GOVERNOR, THE LEGISLATURE AND THE STATE DEPARTMENT OF HEALTH SERVICES TO MAINTAIN MEDICAL AND MEDICALLY INDIGENT SERVICE PROGRAMS AND PAYMENTS FOR NEEDED SERVICES.

WHEREAS, The Governor intends to implement a 10% reduction in Medical payments for certain categories of services effective February 1, 1987 for the rest of the Fiscal Year ending June 30, 1987; and

WHEREAS, Categories affected by the proposed administrative reductions will significantly effect out-patient care at San Francisco General Hospital; and

WHEREAS, The Governor's administrative reductions would reduce San Francisco General Hospital revenues for the balance of the Fiscal Year by approximately $100,000; and

WHEREAS, The proposed reductions would not address the more expensive in-patient or long term care systems; and

WHEREAS, Many private physicians and community clinics, especially those of, or who serve, the minority community, will not be able to withstand the proposed reductions in Medical payments; and

WHEREAS, The total estimated loss just for the balance of the present Fiscal Year for all providers in the City will approximate 1.3 to 1.8 million dollars; and

WHEREAS, The Governor's budget also proposes a level of funding for the Medically Indigent Services Program at an amount $25,000,000 less than that provided in the Fiscal Year 1985-86 budget; and

WHEREAS, Medically Indigent Adults (MIAs) are often the most needy of health care recipients; and

WHEREAS, A budget which provides for primary care services at the expense of Medical and MIA payments results in patients not seeking care until their condition becomes acute; and

WHEREAS, The Governor's proposed funding schedule would result in greater use of the more costly emergency room services and in-patient care systems; and

WHEREAS, An increased use of the more expensive methods of providing health services will cause the shift of indigent care from private providers to San Francisco General Hospital; now, therefore, be it

RESOLVED, That the City and County of San Francisco memorializes the Governor, the State Legislature and the State Department of Health Services to maintain medical and medically indigent service programs and payments for needed services; and, be it

[In support of AB 45]

SUPPORTING ASSEMBLY BILL 45 (AGNOS) TO CONDUCT A FEASIBILITY STUDY FOR A COMMERCIAL FISHING AND MARINE ENVIRONMENTAL RESEARCH CENTER FOR THE STUDY OF SAN FRANCISCO BAY AND THE DELTA, AND EVALUATING THE FEASIBILITY OF LOCATING THE FISHERIES AND ENVIRONMENTAL RESEARCH CENTER AT PIER 45, PORT OF SAN FRANCISCO, AND THE STUDY SHALL IDENTIFY USER GROUPS AND ORGANIZATONS, PHYSICAL SPACE REQUIRED, MANAGEMENT, PRELIMINARY COST ESTIMATES, FUNDING SOURCES, AND REGULATORY REQUIREMENTS.

WHEREAS, The fishing industry has been an essential part of California's economy and the State should act to reverse the trend towards industry obsolescence; and

WHEREAS, California's fishing industry is at a considerable disadvantage in competing with other fishing nations because harvesting, handling, and processing facilities are largely outmoded and inefficient and Californians who fish off the coast of California have to travel to foreign countries to learn about gear development methods and new harvesting and handling techniques; and

WHEREAS, The State's interest in protecting the quality of marine ecology is equally important in light of the increased use of California waters for waste and toxic disposal, oil exploration, undersea mining, shipping, and recreational activities; and

WHEREAS, There is no centralized location for the compilation and management of fisheries research data from regulatory agencies and marine biologists; and

WHEREAS, A fisheries research and training center in this State would help modernize the fishing industry, promote safety for those who fish, and preserve marine ecology through applied and academic research and training and dissemination of information on fisheries and marine ecology of the delta and San Francisco Bay; and

WHEREAS, The State Coastal Conservancy has been given a mandate by the Legislature for restoration of the State's urban waterfronts pursuant to Urban Waterfront Restoration Act of 1981 including those projects which help to alleviate problems that are contributing to the decline of the commercial fishing industry; and

WHEREAS, The State Coastal Conservancy has already demonstrated experience in studying actions necessary for the economic viability of the commercial fishing industry as evidenced by their completion of the 1984 study of commercial fishing facilities; and,

WHEREAS, The Port Commission has passed Resolution 87-24 urging the Board of Supervisors to support AB 45; and, be it

RESOLVED, That it is prudent and feasible that the State Coastal Conservancy carry out a feasibility study for a commercial fishing and marine environmental research center for the study of San Francisco Bay and the Delta, and that the study shall evaluate the feasibility of locating the Fisheries and Environmental Research Center at Pier 45, Port of San Francisco, and that the study shall identify user groups and organizations, physical space required, management, preliminary cost estimates, funding sources and regulatory requirements; and, be it

[Port Commission delay selection of hotel developer]

URGE THE MAYOR TO REQUEST THE PORT COMMISSION DELAY THE SELECTION OF A PIER 45 HOTEL DEVELOPER UNTIL THE PRELIMINARY ENGINEERING DESIGN FOR ALL FISHING HARBOR FACILITIES IS COMPLETE, AND THE FEASIBILITY OF THAT DESIGN IS DEMONSTRATED TO THE SATISFACTION OF THE CITIZENS ADVISORY COMMITTEE AS WELL AS THE FISHING INDUSTRY ITSELF.

WHEREAS, The Hyde Street Pier/45 Advisory Committee was established by the San Francisco Port Commission in 1986 to monitor the development planning of a new fishing harbor at Fisherman's Wharf; and

WHEREAS, The Committee was also charged with the community review of hotel development proposals for Pier 45 in support of the fishing industry; and

WHEREAS, The actual engineering design of the new fishing harbor and landslide facilities was delayed by the Port despite the Committee's recommendation it be carried out in 1986, in order to determine its feasibility; and

WHEREAS, The Port now proposes to select a Pier 45 hotel developer prior to completing the engineering design of the fishing harbor; and

WHEREAS, This may lead to a conflict in plans between the hotel project and the requirements for a first class fishing harbor; and

WHEREAS, The Port has rejected the Committee's recommendation of January 12, 1987 to delay the selection of the hotel developer until the engineering design for the fishing harbor is sufficiently complete to determine its feasibility; and

WHEREAS, This may result in inadequate fishing facilities, or alternatively, the reversal of an approval of a Pier 45 developer at needless cost to that developer; and

WHEREAS, The future viability of the fishing industry is the principal goal of Port development at Fisherman's Wharf, and the justification for any commercial development of Pier 45; and, be it

RESOLVED, That the Board of Supervisors urge the Mayor to request the Port Commission delay the selection of a Pier 45 hotel developer until the preliminary engineering design for all fishing harbor facilities is complete, and the feasibility of that design is demonstrated to the satisfaction of the Citizens Advisory Committee as well as the fishing industry itself; and, therefore, be it

FURTHER RESOLVED, That the Board of Supervisors hereby establishes as the policy of the City and County of San Francisco that the continued economic viability of the fishing industry at Fisherman's Wharf is the highest priority of public actions with regard to the northern waterfront district.

RESOLUTION IN RESPONSE TO THE FEBRUARY 2, 1987 "CALIFORNIA COMPONENT" OF THE PROPOSED 5-YEAR OUTER CONTINENTAL SHELF LEASING PROGRAM FOR 1987-1991 RELEASED FOR REVIEW PURSUANT TO P.L. 99-591

WHEREAS, The United States Department of Interior has issued the California component of the "Proposed 5-Year Outer Continental Shelf Leasing Program for 1987 through 1991" which outlines plans for offshore drilling lease sales during this period; and

WHEREAS, Pursuant to P.L. 99-591, the Secretary of Interior has been required by Congress to submit the California Component of his 5-Year OCS Leasing Program to the designated Congressional Negotiating Team and to California local agencies for a comment period of thirty days prior to adoption of said Program; and

WHEREAS, The Proposed OCS Program purports to contain major revisions but in fact provides only minimal cosmetic alterations in response to extensive comment provided on the 1986 proposed 5-year plan; and

WHEREAS, The Proposed OCS Program continues to propose a total of five leasing actions offshore California during the time period covered by the Program, including two lease sales for the Southern California OCS Planning Area, one lease sale for Central California, and two lease sales for Northern California; and

WHEREAS, The Proposed OCS Program remains committed to massive area-wide leasing actions and a streamlined pre-lease planning process which would not permit adequate consideration of local land-use priorities, commercial fishing conflicts, or local agency input to leasing decisions; now, therefore be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco finds that the Proposed OCS Program fails to adequately consider the existing or anticipated uses of the sea and seabed, including fisheries, navigation, existing or proposed sealanes, or military use areas; and be it

FURTHER RESOLVED, That the Board finds the Proposed OCS Program will significantly affect onshore air quality and will cause or contribute to violations of ambient air quality standards; and be it

FURTHER RESOLVED, That the Board finds the Proposed OCS Program does not contain provisions for considering adverse regional economic impacts of OCS leasing actions on the existing economic base of each community including such industries as fishing and tourism; and be it

FURTHER RESOLVED, That the Board finds the Proposed OCS Program fails to adequately consider the significant current and future energy supply contributions from current California lease sales; and be it

FURTHER RESOLVED, That the Board finds the Proposed OCS Program fails to adequately consider the relative marine productivity and environmental sensitivity of various OCS Planning Areas as required by the OCS Lands Act, nor does the Program consider the equitable sharing of developmental benefits and environmental risks among the various regions of the United States; and be it

FURTHER RESOLVED, That the Board finds the Proposed OCS Program fails to adequately consider the law, goals, and policies of the State of California as required by the OCS Lands Act; and be it

FURTHER RESOLVED, That the City and County of San Francisco has reviewed the Proposed OCS Leasing Program and the accompanying Environmental Impact Statement and has found them not to be in compliance with the legal requirements of the National Environmental Policy Act, the OCS Lands Act and Amendments, the Endangered Species Act, the Coastal Zone Management Act, and the California Coastal Zone Management Plan, nor does the Proposed OCS Leasing Program adequately address local agency concerns nor regional economic implications; and be it

WHEREAS, San Francisco resident Dimitry Sablinsky is 74 years of age and in failing health; and,

WHEREAS, Dimitry Sablinsky is a native of the Soviet Union and has a younger brother living in the Erakhtur Village in the Ryazan Province; and,

WHEREAS, Sablinsky has only seen his brother, Vladimir, twice in the past 50 years, and has only been able to do so by traveling to Moscow for one-day reunions with his brother who, due to Soviet restrictions on Dimitry Sablinsky's movements, was obliged to travel more than one hundred miles from the Ryazan Province to Moscow for the brief visits; and,

WHEREAS, Three times Vladimir Sablinsky has unsuccessfully sought three-month travel visas to visit his brother in the United States; and,

WHEREAS, Dimitry Sablinsky's failing health makes it impossible for him to return to the Soviet Union to see his brother; and,

[Condom Advertising]

DECLARING A CITY POLICY IN FAVOR OF MEDIA ADVERTISING CONCERNING THE AVAILABILITY AND PROPER USE OF CONDOMS.

WHEREAS, AIDS is one of the worst epidemics of the 20th century; and

WHEREAS, By the end of October 1986 there were 27,254 reported AIDS cases nationwide. By 1991, federal health officials estimate the number of AIDS cases will have increased to 270,000 and at least 179,000 Americans will have died from it; and

WHEREAS, Even more disturbing, authorities estimate that another 1.5 million Americans are already infected. Most have no symptoms and many may not get sick. But all are presumed to be infectious to others; and

WHEREAS, The Surgeon General has stated that condoms can prevent the spread of the deadly virus that causes acquired immune deficiency syndrome; and

WHEREAS, television networks, radio stations, magazines, newspapers and others have refused to air advertisements for condoms, primarily, they say, because the ads are in poor taste and the public is "not ready" for such material; and

WHEREAS, Neither argument is reasonable, particularly because of the compelling public interest in curbing the spread of AIDS and other sexually transmitted diseases; and

WHEREAS, The extensive and explicit sexual material, much less the violence, on each day's television schedule make a travesty of the claim that a health related commercial for condoms is in bad taste or that the public is "not ready" for such commercials; and

WHEREAS, Protection against disease is not the only public interest advanced by advertising condoms. For several years, those concerned with alarming increases in teenage pregnancy have advocated balanced, responsible TV advertising for contraceptives; and

WHEREAS, Commendably, at least one local television station, KRON, recently agreed to air condom ads; Therefore, be it

RESOLVED, It is hereby declared a City policy in favor of media advertising concerning the availability and proper use of condoms; and be it

FURTHER RESOLVED, That upon approval by her Honor, the Mayor, the Clerk of the Board of Supervisors is instructed to transmit a copy of this Resolution to all San Francisco television and radio stations and newspapers.

URGING THE SECRETARY OF THE INTERIOR TO RECONSIDER PLAN TO ALLOW OFFSHORE OIL DEVELOPMENT ALONG THE CALIFORNIA COAST.

WHEREAS, On 2 February 1987, Secretary of the Interior Donald Hodel released a new Five Year Oil and Gas Leasing Program for the Outer Continental Shelf Offshore California; and

WHEREAS, The Plan will open up tracts offshore Central California, from Sonoma County to Monterey County for oil drilling in 1990; and

WHEREAS, Our California coast is a national treasure that should be preserved for everyone to enjoy and for generations to come; and

WHEREAS, Over 26 threatened or endangered species live in the coastal areas in Central California that would suffer from drilling; and

WHEREAS, The danger of harmful oil spills is increased when offshore oil development takes place; and

WHEREAS, Oil spills would damage and destroy the marine and bird life in the region, and would pose a threat to our fishing, shipping and tourist businesses; and

WHEREAS, The massive air pollution generated poses great health risks to the people of the City and County of San Francisco and the Bay Area; and

WHEREAS, California is already the second largest producer of offshore oil in the nation; and

WHEREAS, The Department of the Interior estimates that from 1 to 4-1/4 billion barrels of oil will be extracted from offshore California; and

WHEREAS, A balanced and reasonable offshore oil plan is required by law; and

WHEREAS, The opening up of an entire stretch of California coast at once is neither balanced nor reasonable; now, therefore be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby urge the Secretary of the Interior to reconsider the plan to allow offshore oil development along the California coast; and be it

FURTHER RESOLVED, That copies of this resolution be forwarded to the Mayor, with the request that additional copies be sent to our representatives in the Fifth and Sixth Congressional Districts, Congressman Leon Panetta, our United States Senators, the President of the United States, the Secretary of the Interior, and the San Francisco Legislative Representative in Washington, D.C., with the direction to take all actions necessary and appropriate to carry our the intent of this resolution as speedily as possible.

SUPPORTING THE PASSAGE OF H.R. 1044 RELATING TO THE PRESERVATION OF THE SAN FRANCISCO MARITIME MUSEUM AND ITS HISTORIC VESSELS.

WHEREAS, The City and County of San Francisco was discovered during the day of the great ships, was supplied by ships, and in a large measure owes its preeminent position in the world today to its remarkable bay and its access to the sea; and

WHEREAS, San Francisco stands poised as the logical gateway to the increased shipping commerce of the Pacific Rim nations; and

WHEREAS, One third of the jobs in the City today are the direct result of the long term and continuing relationship between the shipping industry and the Port of San Francisco; and

WHEREAS, The People of San Francisco have recognized this remarkable heritage of wind and sail by saving, preserving, and exhibiting different types of vessels which have sailed the bay throughout San Francisco's colorful history; and

WHEREAS, In order to preserve this heritage, the late Congressman Philip Burton succeeded in bringing these historical ships and exhibits and the San Francisco Maritime Museum under the protection and direction of the Golden Gate National Recreation Area as part of the National Park Service and his successor, Congresswoman Sala Burton, desired to continue this tradition of conservation; and

[SFUSD 1987-88 Budget]

URGING THE STATE LEGISLATURE TO RESTORE FUNDS TO THE 1987-88 EDUCATION BUDGET TO PERMIT THE SAN FRANCISCO UNIFIED SCHOOL DISTRICT TO CONTINUE ITS PRESENT PROGRAM LEVEL.

WHEREAS, The San Francisco Unified School District after reviewing its projected revenues and expenditures for 1987-88 finds itself with an $18,073,000 General Fund shortfall and a $5 million shortfall in the State Compensatory Education Budget; and,

WHEREAS, The San Francisco Unified School District does not maintain a reserve; and,

WHEREAS, The Superintendent of Schools indicates that the reduction of $5 million in the State Compensatory Education Program will necessitate a reduction of 51.2 Full-Time Equivalent (F.T.E.) teachers and 128.5 F.T.E. classified personnel which must be absorbed by the District's General Fund; and,

WHEREAS, The Superintendent estimates that 523.5 F.T.E. certificated staff positions would have to be cut, including 235.0 Long Term Substitutes, in order for the District to achieve a balanced budget in light of an $18,073,000 shortfall; and,

WHEREAS, A significant component of the shortfall is the fifty percent reduction of Urban Impact Aid for the current school year from previous levels, down from $5.6 million in 1985-86 to $2.8 million in 1986-87; and,

WHEREAS, This Aid will be eliminated altogether for the 1987-88 school year; and,

WHEREAS, Restoration of the Urban Impact Aid for the 1986-87 and 1987-88 school years would equal the salaries of approximately 313 second year teachers for the District; and,

WHEREAS, Income from the State Lottery is expected to be $95.00 per student in 1987-88, as opposed to the current projected income per student of $110 for 1986-87; and,

WHEREAS, The complete deletion of State support for the Gifted and Talented Program has resulted in a funding decrease of $361,000 to the District; and,

WHEREAS, The Superintendent characterizes the potential effect of these cuts as "disastrous" to the instructional program; and,

WHEREAS, It is illegal for the Board of Education to adopt an unbalanced budget; and,

WHEREAS, If more money is not appropriated by the State to the District and cuts are not made in personnel and programs, the District would be required to petition the court to declare bankruptcy, placing the District in receivership under an administrator who would assume fiscal control of the District; and,

WHEREAS, The Governor and State Legislature with the approval of S.B. 813 in 1983 directed school districts to raise requirements to improve the academic performance of students; and,

WHEREAS, The Governor's proposed education budget would require program cutbacks and is inconsistent with the S.B. 813

WHEREAS, California ranks twenty-seventh among the fifty states in dollars spent per capita for education; and,

WHEREAS, Such a ranking is, in the opinion of the Board of Supervisors, unconscionable for the richest state in the nation; now, therefore, be it

RESOLVED, That the Board of Supervisors urges the State Legislature to fully restore funds to the Urban Impact Aid Program, the Gifted and Talented Program, the State Compensatory Education Program, and to increase the State education budget as appropriate to enable the San Francisco Unified School District to continue its present program level; and, be it

FURTHER RESOLVED, That copies of this resolution be furnished to her Honor, the Mayor, for transmission to the San Francisco Superintendent of Schools, the State Schools Superintendent, and to the State Legislation Advocate for presentation by the latter to the members of the San Francisco delegation in the State Legislature, with the request that all necessary action be taken to effectuate the intent of this resolution.
